

**Reasonable Allocations**  
**for Cooperative Games**

By Luz E. Pinzon  
Henry Rutgers Scholar, 1992-93

A Thesis submitted to  
Rutgers College  
in partial fulfillment of the requirements  
for the degree of  
Bachelor of Arts

Written under the direction of  
Professor Fred S. Roberts  
of the Department of Mathematics

New Brunswick, New Jersey  
April 1993

## Acknowledgments

I would like to take this opportunity to thank Dr. Fred Roberts, whose guidance and helpful suggestions made this work possible. Special gratitude is due to Dr. David Housman for his careful and critical proofreading, and for invaluable comments that greatly helped to improve this paper. Also, the author wishes to note that some of this work originated in an NSF sponsored Research Experience for Undergraduates directed by Dr. David Housman at Drew University during the summer of 1992.

I would also like to express my appreciation for support from Rutgers College, the Henry Rutgers Scholars Program, and the DIMACS Center, an NSF Science and Technology Center, funded under contract STC - 91 - 19999 to Rutgers University.
